any related documents. Please allow two business days for NHTSA to review your complaint.

### **What happens next?**

Your complaint will be reviewed by NHTSA technical staff and entered into our database. If any additional information is needed, a NHTSA investigator will contact you.

Every complaint is taken seriously, reviewed in detail and analyzed for defects trends. Your complaint is important because it helps to inform NHTSA, other vehicle owners and manufacturers about potential safety concerns. ### **Will my vehicle be recalled?**

When a manufacturer or NHTSA determines that a car or item of motor vehicle equipment creates an unreasonable risk to safety or fails to meet minimum safety standards, the manufacturer is required to fix that car or equipment. That can be done by repairing it, replacing it, offering a refund (for equipment) or, in rare cases, repurchasing the car.

If your vehicle is included in a recall, the manufacturer will contact you. [Sign up to receive recall email alerts from NHTSA](#) if there's ever a recall involving your vehicle.
