Hello,

I filed a complaint on the NHTSA website, complaint number: 11386610. I was advised to send an email here so that my complaint can be expedited and contacted by an investigator.

I am a Florida Highway Patrol Traffic Homicide Investigator and I am investigating a fatal crash involving a 2014 Toyota Camry, VIN: 4T4BF1FK0ER[REDACTED]. During the crash, the driver's airbag deployed. During the post-crash inspection of the airbag, many holes, tears, and burn-through holes were discovered that may have been caused by shrapnel. Please see the attached photos.

The airbag and the steering wheel with the airbag module have been placed into evidence. I need to have them inspected to determine if the airbag module was defective, and if not, how the holes and burn marks were caused.

Thank you,

[REDACTED]
