I am the first and the only owner of the car, Subaru Forester premium, 2017.  
VIN JF2SJAGC3HH [REDACTED]  
Purchased from Reedman Toll Subaru, Langhorne, PA, on 03/2017, as a brand new.

Current mileage: 63000

MY CAR IS TOTALED, NONE OF THE AIRBAGS HAD DEPLOYED

Passenger side airbag was serviced by Subaru Reedman this spring d/t manufacturer recall.

I was traveling 30 MPH on major road, having the right of way. A Dodge truck crossed in front of me, speeding from a cross road. My car hit right front tire of the track. My car's front was completely destroyed, front end pushed well into the engine compartment. This was a front to side impact. All liquids leaked away on the spot. Both head lites and fog lites were torn away from my car and thrown around the road. Both right doors are having dents, too.

Insurance company, AAA, declared total loss.

Airbags did not deploy, none of them.

I sustained a whiplash injury requiring medical attention and investing in rehabilitation measures.....

So much for SUBARU collision/safety ratings....
