Beaver Falls, PA [REDACTED]

NEF-109 tgd
Ref. No. 11420620

Dear [REDACTED]

Thank you for the letter about your model year (MY) 2010 Range Rover Sport. Your letter was received in the National Highway Traffic Safety Administration's (NHTSA) Office of Defects Investigations. I am pleased to respond.

NHTSA is the Federal agency responsible for improving safety on our Nation's roadways. We are authorized to order manufacturers to recall and repair vehicles or motor vehicle equipment when our investigations indicate that they contain safety defects, such as in their design, construction, or performance. Among other activities, we also monitor the completion rates and adequacy of manufacturers' recall campaigns.

We appreciate the report you provided. Reports from motorists are a very important source of information for us. You indicate that the rear spoiler detached from your MY 2010 Range Rover Sport, which is the safety defect identified in NHTSA Safety Recall Campaign No. 20V-623. The incident happened in April 2020, prior to your receiving the recall notification. You paid to replace the rear spoiler and therefore request a reimbursement. In addition, the spoiler struck the motorist traveling behind you and caused damage to their vehicle.

Federal regulations require a manufacturer conducting a safety recall of motor vehicles or motor vehicle equipment to reimburse owners who have paid to obtain a remedy for the problem within a reasonable time, which in many instances is one year, prior to the manufacturer's notification. Certain restrictions apply, including the need to submit certain documents to the manufacturer. Owners should follow the instructions in the recall notification letter to file a claim. We encourage you to contact Land Rover or your dealer if you require further assistance.

We entered your information into our database where it will be used with other reports to identify any safety defect trends that may require our attention. You can learn more about NHTSA's investigation and recall process on our website at https://www.nhtsa.gov/sites/nhtsa.gov/files/documents/14895_odi_defectsrecallspublic_110520-v6a-tag.pdf.

If you encounter a safety-related problem with a motor vehicle or motor vehicle equipment in the future, please complete an electronic Vehicle Owner's Questionnaire online at www.nhtsa.gov or call the Vehicle Safety Hotline at 888-327-4236. Also, you may review owners' complaints, safety recalls, manufacturers' service bulletins, etc., on our website.

Sincerely,

A handwritten signature in cursive script that reads "Randy Reid".
