To Whom It May Concern,

I submitted a complaint (#11425622) on 7/20/2021 @11:00 a.m. regarding the airbags failing to deploy in my 1999 Toyota Tacoma after I was involved in a multi-vehicle crash. My truck sustained heavy front-end damage which compromised the engine compartment and bent the frame of the vehicle. The force of the impact and resulting damage should have caused the airbags to deploy, but neither of the two did. I submitted photographs of the damage to the vehicle and the interior cab showing no airbag deployment. It has been one year since I filed this complaint and I have heard nothing regarding any investigation. Please provide any updated information that you may have learned in this time frame.

Respectfully,

[REDACTED]
