

I have a 2020 Kia Soul it started
dieing on me at 34,000 miles, started
using oil at 28,000 had it to Wallace Kia
4 times, 2 oil changes 1 to fix it dieing,
motor was making a noise like a big
diesel truck. They got that fixed
has died to more times on me. Put
oil in it 1 quart every 2 thousand miles
I got a safety Recall on it, Took it
back to the Kia dealership. They
checked it. said it was fine.
I do not like to have the oil
every time I turn around,
Thinking about letting this cargo back!
