RE: Recall Damages Notice of Intent to Sue
Case No. [REDACTED]

To Whom It May Concern:

I am writing in reference to the above named complaint I have with my vehicle. I have already sent in the documentation showing the cost of repairs I have had to make to the vehicle. I own a 2015 KIA Sedona 4DR Wagon EX. VIN: KNDMC5C18F [REDACTED]. On December 13, 2019, I had the problem as outlined in your recall notice dated March 5, 2021 fixed prior to the notice of the recall being sent out to me. I then sent in a reimbursement claim as was requested by your company on April 5, 2021. I have waited the requested sixty (60) days for any reply which none have been received including my reimbursement for monies spent for the repairs.

I had taken the vehicle to the KIA dealership in Grand Rapids, Michigan to fix this problem before in February of 2018 and they did not fix it. I have also once again submitted the required documentation in July of 2021 as was requested and I have not heard from anyone nor received my reimbursement for these repairs. At this time I am requesting that my full claim be paid immediately of \$2,947.68 for the repairs I had performed on the vehicle that were the subject of the recall notice you provided me.

The lack of response from your company is leaving me with this as my last chance to resolving this matter prior to contacting an attorney or filing the appropriate lawsuit to recover the money owed to me based upon the faulty problem with this vehicle. Thank you for your time and attention in this matter should you need anything further please feel free to contact me.

**2015-2017 MY SEDONA POWER SLIDING DOOR LATCHING
 NEW VEHICLE LIMITED WARRANTY EXTENSION**

PLEASE KEEP THIS LETTER IN THE GLOVEBOX OF THE VEHICLE

March 5, 2021

Dear Kia Sedona Vehicle Owner:

Kia Motors America, Inc. takes pride in providing you with high quality and dependable vehicles. In order to maintain these standards, Kia is extending the New Vehicle Limited Warranty coverage, **to all owners** of 2015-2017 MY Sedona vehicles equipped with Power Sliding Doors, for Power Sliding Door difficulty latching issues from 5-years/60,000-miles to 15-years/unlimited-miles starting from the date the vehicle was first put into service. The power sliding door may not completely latch upon closing.

Warranty Extension Coverage:

- If, at any time within the extended warranty period, you experience the power sliding door not completely latching, your authorized Kia dealership will diagnose the cause **at no cost to you.**
- If the diagnosis indicates the condition is caused by the Power Sliding Door Drive Unit, Remote Controller, or Door Latches, which are the main components that can cause this condition, Kia will replace the part on your vehicle **at no cost to you.**
- This supplement to Kia's New Vehicle Limited Warranty does not alter the limitations and exclusions contained in that New Vehicle Limited Warranty including incomplete latching due to abuse, neglect, or external damage to the power sliding door assembly.

What Should You Do?

- In the event your power sliding door does not latch completely upon closing, the open-door indicators, including chimes, dashboard telltales, and dome lights, would activate. Additional audio and visual alerts would activate as the vehicle starts to be driven away with a power sliding door not fully closed. If these symptoms occur, contact the nearest authorized Kia dealer to have your vehicle diagnosed.

To find your nearest dealer, visit www.kia.com and click the "Find Dealer" button in the upper right corner ("Dealers" on a mobile device). You can also use the QR code below with your mobile device to access this information (see the bottom of this letter for more information about QR code use):

- **RETAIN THIS LETTER IN THE GLOVE COMPARTMENT OF YOUR KIA VEHICLE.** Place this letter in your vehicle's glove compartment, preferably together with your vehicle's other warranty information. When seeking service, provide this letter to your servicing dealer. If you sell your vehicle, ensure that you include this letter with the documents you provide to the buyer.

What If You Have Already Paid To Have This Situation Corrected?

If you have incurred expense to remedy this issue prior to the date of this notice, you may have the opportunity to obtain reimbursement for that expense. You may submit your receipts online to Kia via the Owners section of www.kia.com or mail your receipts with the attached Request for Reimbursement Form directly to Kia for consideration:

Consumer Assistance Center
Kia Motors America, Inc.
P.O. Box 52410
Irvine, CA 92619-2410
1-800-333-4542

Kia will review and respond to your claim within sixty (60) days of receipt. Kia may either accept or reject your claim, or it may request more information to evaluate the claim.

The Kia Consumer Assistance Center is available at the number listed above if you have any questions or need assistance in submitting your claim.

Have You Changed Your Address or Sold Your Kia?

- If you have changed your home address, sold your Kia vehicle, or no longer own your vehicle, please complete the enclosed prepaid "Change of Address/Ownership" card and mail it to us.

What If You Have Other Questions?

- Should you have any questions regarding this warranty extension or if your dealer does not respond to your service request in a timely manner, we suggest that you call Kia's Consumer Assistance Center at 1-800-333-4542 (Monday through Friday, 5AM to 6PM, Pacific Standard Time), or through the owner's section of www.kia.com.

We hope that this warranty extension demonstrates Kia's commitment to your continued satisfaction. If you have any questions or concerns do not hesitate to contact us.

Sincerely,

Consumer Affairs Department

QR Code Use:

- A QR Code is a square, 2-dimensional barcode that can be read by mobile devices loaded with an appropriate barcode reader app. The app reads the barcode image and then launches/uploads the specific information the code contains, such as URLs, text, photos, videos.
- With a mobile device, **download a QR Code Reader App.** With many devices, you can do this through an app marketplace.
- **Open the QR Code Reader App on your mobile device. The app will utilize your device's camera.** Center the QR code in the camera viewing area. With some apps, the URL or other information will automatically load when the code is recognized. For others, you may have to snap or take a picture of the QR code. **Refer to the QR Reader Code Reader App instructions.**

IRVINE, CA 92619-2410
1-800-333-4542

Greetings:

FIRST OF ALL, I [REDACTED] AND MY HUSBAND, [REDACTED] OFFER OUR THANKS TO YOUR OFFICE TO BE ABLE TO SUBMIT BY MAIL, TO REQUEST FOR REIMBURSEMENT WITH REFERENCE TO THE POWER SLIDING DOOR LATCHING PROBLEM THAT WE EXPERIENCED ON OUR 2015 KIA SEDAN EX VAN. PLEASE NOTE THE ATTACHED DOCUMENTATION(S) FOR YOUR REVIEW/EXPLANATION(S) TOWARDS FINAL CORRECTION OF OUR PROBLEM(S) WITH THE POWER SLIDING DOOR LATCHING PROBLEM.

ATTACHMENT 1 NOTED PROBLEM (OFF/ON), AND UPON SERVICES OF VAN (SEE DETAILS), BROUGHT ATTENTION OF PROBLEM TO SERVICE MANAGER AND AS YOU CAN SEE, WAS NOT ABLE TO DETECT PROBLEM AND LIKEWISE TO CORRECT PROBLEM (HIGHLIGHTED).

DURING THE REST OF 2015 AND PRIOR TO SEPTEMBER 2019, WE GOT OUR CAR/VAN INSURANCE COMPANY INVOLVED.

They sent out a Claim Adjustor to Investigate Problem and as we were Driving Van in a Low Speed, (20 m/hr) ~~in~~ Residential Area, the Sliding Door Opened up. We had to stop the Van to Re-close the Door Manually. Right then, we noted the Alignment of the Door was off and Recommendation(s) from the Insurance Adjustor was to get the Van to a Reliable Body Shop to help correct problem(s) as soon as possible.

Attachment 2 with details/cost noted.

You will note that the total cost was \$2447.68, we had to pay a \$500 Deductible Amount, hence, the Grand Total was \$2947.68.

Since then/after repairs made, we have not had any more Sliding Door Problems.

However, our Car/Van Insurance, increased by \$450⁰⁰ more per 6 months.

Please Review the enclosed Documents/Attachments. We will await your Decision(s) with reference to Reimbursement of a Fair and Reasonable Amount from KIA.

Respectfully,

Summit Place KIA

Kia Sedona Power Sliding Door Problems Cause Recall

Kia recalls 106,000 Sedona minivans with power sliding doors that can injure people.

By [David A. Wood](#), CarComplaints.com • Posted in [Recalls](#)

June 3, 2018 – More than 106,400 model year 2015-2018 Kia Sedona minivans have power sliding doors that could automatically close on objects located between the sliding doors and the minivans.

The power sliding door module controls the sensor that is located in the interior door well and detects movement while the sliding door closes.

Kia and the supplier determined the original programming of the module is set to a threshold level that can fail to detect objects in the path of the door sliding closed. This will prevent the automatic stop and reversal feature from doing its job.

In September 2017, Kia was looking at field data and found 17 customer complaints about power sliding doors that didn't detect obstructions in 2015-2017 Sedona. Engineers inspected the minivans and found the doors worked as intended, so Kia decided to monitor the field for additional complaints.

In addition, the automaker opened an internal investigation by using a 2017 Sedona and this time did find problems that depended on what the obstruction was and where it was located between the door and the body of the minivan.

However, engineers said they had trouble replicating their own results and couldn't find any customer complaints from markets outside the U.S.

Then in January 2018, Kia received a complaint about an alleged injury caused by a sliding door and engineers again determined the problem could be caused under certain conditions but not others.

The automaker went to work with the supplier of the power sliding door control modules to create updated software that would lower the sensitivity thresholds for the doors.

Kia decided to issue the recall in May after receiving 21 complaints about the sliding doors, with 14 of those complaints alleging injuries. However, the automaker says it confirmed only two of those injuries.

The 2015-2018 Sedona minivan recall will begin June 18, 2018. Kia dealers will reprogram the power sliding door module software, but owners with questions are welcome to call 800-333-4542.

Kia's number for this recall is SC164.

CarComplaints.com has owner-reported complaints about the recalled minivans:

WASHINGTON (AP) – Kia is recalling 106,428 model year 2015-2018 Sedona minivans because their sliding doors may not automatically reverse if they close on a limb, according to documents filed at the National Highway Traffic Safety Administration.

READ MORE: 19-Year-Old Woman Critically Injured In Hit-And-Run Crash

Kia reported receiving 21 complaints, 14 of which alleged an injury. Owners will be notified by mail and can take the minivans to Kia dealerships, where the sliding-door software can be reprogrammed at no charge.
