My complaint lead to me almost wrecking my Truck and RV while pulling the RV home after the leaking gas recalls were completed. I purchased a sway bar from Bill Plemmons to help stabilize the RV while pulling same on the roadway. While I was pulling the RV to my home from Bill Plemmons the sway broke in to places causing me to almost loosing control on HWY 65 in Belews bar separated from the truck hitch Creek, NC. When the sway bar broke causing the elegizing right side to separate which in turn caused the RV and truck to sway and almost jack Knife before I could get the unit stopped on the roadway. This also damaged the truck bumper on the passenger side. I took the hitch back to Bill Plemmons where I purchased same and was treated poorly by a person from their parts department Mr. Russ Carroll with Bill Plemmons listened to what I told him and he took the sway bar and took pictured of the hitch and damage to my truck bumper. As you know, this could have turned out different if traffic was on the roadway where this happened. This information is being sent to your department for follow up on Compliant # [REDACTED].
