To whom it may concern:

On November 4, 2021 I submitted a complaint. The complaint number assigned was 11439330. At this present time I have not heard anything regarding this matter. Now, the light in question is occurring more often. I even have had my car stop with nothing in front of it or the speed had not accelerated over 20 miles. This matter is getting to be something that needs to be resolved before it becomes worst or even death. I am patiently waiting on someone to contact. Thanks for your attention.
