APPLICABLE INCIDENT INFORMATION

(Please describe in detail the incident(s), failure(s), crash(es), injury(ies).)

Crash:  Yes  No Fire:  Yes  No

Number of Persons Injured: Number of Deaths: Reported to Police: N

Narrative Description of incident(s), Crash(es), Injury(ies). Please describe (1) events leading up to the failure, (2) failure and its consequences, and (3) what was done to correct the failure; i.e. parts repaired or replaced (and if old part is available).

The contact owns a 2006 Mazda Mazda6. The contact received notification of NHTSA Campaign Number: 21V744000 (Fuel System, Gasoline) however, the nearest dealer that was able to perform the recall repair was 3-hours away. The contact had not experienced a failure. The manufacturer was made aware of the issue and suggested that the vehicle be taken or towed to the dealer for the free one-time repair. The vehicle was not yet repaired.

The problem is if it is towed I will need to pay for it and it will sit in Portland, OR, for an indefinite time until they find someone to do the work. They also refuse to do any other work in the tank at the time of replacement as I want the full filter changed and they will not do it even if I pay for that portion.
