NEF-109 tgd
Ref. No. 11459233

Plaistow, NH

Dear [REDACTED]:

Thank you for the letter about your model year (MY) 2016 Hyundai Santa Fe vehicle. Your letter was forwarded to the National Highway Traffic Safety Administration's (NHTSA) Office of Defects Investigation (ODI). I am pleased to respond.

NHTSA is the Federal agency responsible for improving safety on our Nation's roadways. We are authorized to order manufacturers to recall and repair vehicles or motor vehicle equipment when our investigations indicate that they contain safety defects, such as in their design, construction, or performance. Among other activities, we also monitor the completion rates and adequacy of manufacturers' recall campaigns.

We appreciate the report you provided. Reports from motorists are a very important source of information for us. ODI has received reports similar to your problem. On October 10, 2021, ODI opened an investigation, Defect Petition (DP) 21-003, to further analyze the electronic throttle control system in certain MY 2007 through MY 2016 Hyundai Santa Fe vehicles. To date, our investigation continues and no determinations have been reached. We entered your information into our database. It will be included with other reports for our investigation. You can learn more about NHTSA's investigation and recall process on our website at https://www.nhtsa.gov/sites/nhtsa.dot.gov/files/documents/mvdefectsandrecalls_808795.pdf. You can also monitor our website at www.nhtsa.gov for future updates to our investigation.

While we conduct our investigation, we encourage you to continue to work with Hyundai and your dealer to explore the potential for an amicable resolution to your problem. You may ask your dealership for a meeting with a Hyundai district manager regarding your problem. You may also consider contacting your local Consumer Protection Agency or the New Hampshire Attorney General's Office regarding your problem and rights under state law. In addition, the Federal Trade Commission (FTC) regulates and investigates warranty and dealership problems, reimbursement matters, and fair-trade practices. Therefore, if you believe this issue potentially relates to such a practice, you may contact the FTC to discuss the matter. There are three ways to contact the FTC: by toll free telephone at 877-382-4357; by mail at Federal Trade Commission, CRC-240, Washington, DC 20580; and by using the Internet complaint form at www.ftccomplaintassistant.gov.

Finally, you may also consider contacting the Better Business Bureau (BBB) Auto Line. The BBB offers free mediation/arbitration to resolve warranty disputes under guidelines established by the FTC. Remedies include repair, reimbursement, repurchase or replacement, depending on program eligibility. You can visit their website at www.bbb.org to file a complaint and review eligibility information or call the BBB Auto Line at 800-955-5100.

If you encounter a safety-related problem with a motor vehicle or motor vehicle equipment in the future, please complete an electronic Vehicle Owner's Questionnaire online at www.nhtsa.gov or call the Vehicle Safety Hotline at 888-327-4236. Also, you may review owners' complaints, safety recalls, manufacturers' service bulletins, etc., on our website.

Sincerely,

A handwritten signature in cursive script that reads "Randy Reid".

Randy Reid, Chief
