I sent in a complaint on June 9th 2022 about side wall failure on a new car 2023 Mini Cooper SE, tire sidewall failure was on a Hankook Ventus S1 evo3 205/45R17 on complaint number 11468408 and the information on the website has the information for this complaint number as Hankook Ventus S1 EV ST 225/75R15 <incorrect. I would like to see this corrected since I want the Hankook tires off the car before someone gets hurt and I think it is important the correct information is on the website. Also how would I update the complaint number to show a picture of the defective tire? I do have the failed tire and could take a picture of the sidewall failure split. Note the failed tire only had 272 miles on it, driven only 1 week prior to failure
