NEF-109 tgd  
Ref. No. 11474673

Paramus, NJ

Dear

Thank you for the letter about your model year (MY) 2020 Honda Passport vehicle. Your letter was forwarded to the National Highway Traffic Safety Administration's (NHTSA) Office of Defects Investigation. I am pleased to respond.

NHTSA is the Federal agency responsible for improving safety on our Nation's roadways. We are authorized to order manufacturers to recall and repair vehicles or motor vehicle equipment when our investigations indicate that they contain safety defects, such as in their design, construction, or performance. Among other activities, we also monitor the completion rates and adequacy of manufacturers' recall campaigns.

We appreciate the report you provided. Reports from motorists are a very important source of information for us. As new technologies develop, NHTSA is reviewing the safety and reliability of advanced driver aid systems (ADAS) in manufacturers' vehicles across the industry. We reviewed our database to identify whether a safety defect trend exists with the collision mitigation braking system in MY 2020 Honda Passport vehicles. At this time, NHTSA has not identified sufficient evidence to open a safety defect investigation or to initiate a recall. However, we entered your information into NHTSA's database, where it will be used with other reports to identify any safety defect trends that may require our attention. You can learn more about NHTSA's investigation and recall process on our website at [https://www.nhtsa.gov/sites/nhtsa.dot.gov/files/documents/mvdefectsandrecalls\\_808795.pdf](https://www.nhtsa.gov/sites/nhtsa.dot.gov/files/documents/mvdefectsandrecalls_808795.pdf). We recommend that you continue to work with Honda or your local dealer to resolve this matter.

If you encounter a safety-related problem with a motor vehicle or motor vehicle equipment in the future, please complete an electronic Vehicle Owner's Questionnaire online at [www.nhtsa.gov](http://www.nhtsa.gov) or call the Vehicle Safety Hotline at 888-327-4236. Also, you may review owners' complaints, safety recalls, manufacturers' service bulletins, etc., on our website.

Sincerely,

Randy Reid, Chief  
Correspondence Research Division  
Office of Defects Investigation  
Enforcement
