Subject: 2017 Chevrolet Traverse. 1GNKRFD5H [REDACTED]

February 28, 2022. While attempting to park the above vehicle, the brakes failed, car accelerated, crashed into apartment building. Air-bag failed to deploy, seat belt did not function. I was not hurt, but when vehicle hit apartment building, next door resident was hit, causing some broken bones, etc.

Should this not be reported to General Motors and/or some safety research organization.

Thank you.
