

INFORMATION REDACTED PURSUANT TO THE FREEDOM
OF INFORMATION ACT (FOIA), 5 U.S.C. 552(B)(6)

July 16, 2022

Dear Administrator,

Yesterday I received recall notice 22S43/NHTSA Recall 22V413 from Ford for the transmission bushing on my 2015 Escape,

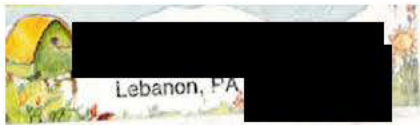

VIN 1FMCU9GX3F [REDACTED]

It was a bit too late, as I have already gone through the experience of being unable to shift into gear in traffic. My car was towed to a repair shop, and then again to a transmission specialist who replaced the whole transmission at a cost of over \$4,000.

Do I have any recourse to recoup this expense since it is too late to have it fixed for free?

Thank you for your consideration,
