**SUBJECT: Safety Recall Notice 22S43/NHTSA Recall 22V13**

2018 Escape  
VIN(1FMCU9GD6 [REDACTED])

Dear Sir,

I am in receipt of a safety recall notice regarding my 2018 escape; I have 2 things to bring to your attention...

**My address has changed, my new address is [REDACTED], West Seneca, New York [REDACTED]**  
please make a note of this change.

The next issue is the risk of the recall, I have already experienced this RISK, it happened to me and luckily nobody got hurt except my car, I would like to expedite this recall as soon as possible so that this doesn't happen again and someone could get seriously injured, this is a BIG recall and I do not feel comfortable with waiting until parts are available and waiting for a letter I would like a customer service representative to reach out to me upon receipt of this letter, this is SERIOUS and should not be ignored, I have suffered significant damage to the front of my car.
