Narrative Description of incident(s), Crash(es), Injury(ies). Please describe (1) events leading up to the failure, (2) failure and its consequences, and (3) what was done to correct the failure: i.e. parts repaired or replaced (and if old part is available).				
The contact owns a 2019 Jeep Grand Cherokee. The contact stated while driving 65 MPH, the vehicle started overheating and the engine overheating light illuminated. The contact was able to pull over and waited for the vehicle to cool down and the vehicle operated normally. The vehicle was taken to the dealer and the mechanic stated that coolant was leaking into the engine and the EGR cooler needed to be replaced. The vehicle was not repaired. The manufacturer was contacted and stated that the VIN was not included in NHTSA Campaign Number: 20V699000 (Engine and Engine Cooling) and referred the contact to the NHTSA Hotline to file a complaint. The failure mileage was 41,115.				
Include, if available: Police/Fire Department Report, Photos, and Repair Invoice. ATTACH ADDITIONAL SHEETS IF NECESSARY.				
The Privacy Act of 1974-Public Law 93-579. This information is requested pursuant to authority vested in the National Highway Traffic Safety Act and subsequent amendments. You are under no obligation to respond this questionnaire. Your response may be used to assist the NHTSA in determining whether a Manufacturer should take appropriate action to correct a safety defect. If the NHTSA proceeds with administrative enforcement or litigation against a manufacturer, your response, or a statistical summary thereof, may be used in support of the agency's action.				

Narrative Description of Incident(s), Failure(s), Crash(es), and Injury(ies)

Did not have car fixed as it would have been over \$1,100.
This is a known problem with these jeeps and I would like to be recalled to have this fixed.
I check my Antifreeze several times a week to assure this will not happen again till it is fixed.
