The contact owns a 2019 Chevrolet Blazer. The contact stated that while starting the vehicle and shifting into drive(D), the vehicle lunged forward. There was no warning light illuminated. The contact stated that she was able to drive the vehicle however, the failure persisted while starting the vehicle and shifting into drive(D). Additionally, the contact stated that upon parking and turning off the vehicle, the message "Shift to Park" was displayed. The contact stated that she restarted the vehicle and moved the gear shifter from park to drive and from drive to park several times until the transmission moved into park(P). The contact stated that the failure occurred intermittently. The vehicle was not diagnosed or repaired. The manufacturer was notified of the failure but did not provide any assistance. The contact also became aware of NHTSA Campaign Number: 21V115000 (Tires). The dealer and the manufacturer were contacted but failed to honor the recall repair. The contact stated that the manufacturer had exceeded a reasonable amount of time for the recall repair. The failure mileage was approximately 30,000.
