Hello, I'd like to add this video recording to my file. I had an issue with my car shutting off on the middle of the highway while attempting to get gas, last evening. The gas showed that it had 33 miles of driving gas in the tank; however it still shut off. Very dangerous incident. Thankfully, a good Samaritan and a police officer stopped to assist us to safety.

Please advise on the status of the file submission. Thank you.

PS the video is too to send. Can O send another way, perhaps text?
