OPI#11530820 Attn: John

This is from the day we bought the NoBo. You can't see the spare tire in these pictures but you can also see that it is not on the right side, top or backside. Our model does not have the tent unit on top. I will be sending another email of pics I found on the internet of other models that have the tent but are coming up as 2019 NoBo 10.6.

Thanks,
