Good morning,

I found additional articles on various forums that indicate many customers have expressed similar issues and filed complaints.

Additional research online, I have found that the coolant leak and oil leak are issues that many customers are facing with the 2017 Jaguar F-Pace around or at the same mileage marks. This raises serious concerns about the reliability and safety of these vehicles.

Please investigate this known coolant leak issue that extends to oil engine issue it's many other owners are experiencing the same issue. This is a known issue impacting many other 2017 Jaguar F-Paces around or at the same mileage mark.
