RE: Safety Recall Notice: 23564/NHTSA Recall 23V905
VIN: 1FADP3FE6JL [REDACTED]

TO: NHTSA Representative

Dear Sir:

I am writing in response to your letter dated February 15, 2024 informing me of a hazardous safety condition concerning my vehicle, a 2018 Ford Focus, License Plate # [REDACTED]. I was told to contact Kindle Ford to see if they had received the parts needed for repairs at that time. They had not. That was six months ago. I am deeply concerned because I am now being told that they are now projected to be available in the first quarter of 2025. I feel that too much time is passing which could result in serious consequences.

Thank you for your prompt attention to this very serious matter.
