ACTION REQUESTED

TO WHOM IT MAY CONCERN:

RE: VIN: JHMGE8H55DC [REDACTED]
HONDA 4 DR. FIT SPORT, 1.5L 14F SOHC 16V FWD
Recall: #P9M 2009-2013 Fit A/T, Driveshaft Corrosion

On Aug. 12, 2024 I purchased the above vehicle from Mile High Honda Imports, 2777 S Havana St, Denver CO 80014, 1-855 930 1366. According to the CARFAX, there is one recall (above). I have enclosed the explanation on the CARFAX. Also on your web site my vin # is listed as unresolved. However this vin # has never been in any of the states listed in the recall. It was originally purchase in Colorado and has remained there until now. See enclosed copy of the CARFAX My Honda FIT had 2 previous owners; both resided in Colorado. The FIT was NOT purchased in the states mentioned in the Recall.

It was very misleading from the start once I read the CARFAX. If my car was not purchased in or ever resided in any of the states mentioned, it should not have had "unresolved recall" on the CARFAX. It caused me a lot of stress and confusion communicating with the Honda dealership about this recall.

REQUEST that YOU CORRECT YOUR RECORDS TO eliminate this vin # from the recall since it was not purchased in any of the states listed in the CARFAX.

Sincerely
[REDACTED]

Glossary

First Owner

When the first owner(s) obtains a title from a Department of Motor Vehicles as proof of ownership.

Manufacturer Recall

Automobile manufacturers issue recall notices to inform vehicle owners of a safety defect or failure to meet minimum federal safety or emissions standards. Manufacturer recalls are repaired at no cost to the customer.

New Owner Reported

When a vehicle is sold to a new owner, the Title must be transferred to the new owner(s) at a Department of Motor Vehicles.

Ownership History

CARFAX defines an owner as an individual or business that possesses and uses a vehicle. Not all title transactions represent changes in ownership. To provide estimated number of owners, CARFAX proprietary technology analyzes all the events in a vehicle history. Estimated ownership is available for vehicles manufactured after 1991 and titled solely in the US including Puerto Rico. Dealers sometimes opt to take ownership of a vehicle and are required to in the following states: Maine, Massachusetts, New Jersey, Ohio, Oklahoma, Pennsylvania and South Dakota. Please consider this as you review a vehicle's estimated ownership history.

Title Issued

A state issues a title to provide a vehicle owner with proof of ownership. Each title has a unique number. Each title or registration record on a CARFAX report does not necessarily indicate a change in ownership. In Canada, a registration and bill of sale are used as proof of ownership.

02/16/2021	American Honda Motor Co.	Manufacturer Safety-related recall issued - NHTSA #20V-770 - Recall #P9M 2009-13 Fit A/T Driveshaft Corrosion Inspection Safety Recall - Status: Remedy Available X Locate an authorized Honda dealer to obtain more information about this recall ⓘ Learn more about this recall
Description: American Honda Motor Co., Inc. (Honda) is recalling certain 2009-2013 model year Fit A/T vehicles sold or ever registered in the following salt-belt states: Connecticut, Delaware, Illinois, Indiana, Iowa, Kentucky, Maine, Maryland, Massachusetts, Michigan, Minnesota, Missouri, New Hampshire, New Jersey, New York, Ohio, Pennsylvania, Rhode Island, Vermont, Virginia, Washington, D.C., West Virginia, and Wisconsin. Due to improper manufacturing, the protective coating on the drive shaft may not properly adhere to it, causing the drive shaft to be more susceptible to damage from road debris. In salt-belt states where de-icing agents are used to maintain the roadway, the de-icing agents could accumulate on the damaged areas of the drive shaft and corrode it. A corroded drive shaft could break under high torque conditions, rendering the vehicle unmovable. The vehicle may also roll away when parked (gear selector in the "P" Park position) if the parking brake has not been set. Both conditions increase the risk of a crash or injury without prior warning. Remedy: Please call any authorized Honda dealer and make an appointment to have your vehicle repaired. The dealer will inspect both left and right drive shafts for corrosion-related protective coating deformities near the drive shaft's dynamic damper. If there are deformities within 40mm of the dynamic damper, the drive shaft will be replaced for free. For additional questions or to get help locating a dealer, owners may contact American Honda's Customer Support & Campaign Center at 1-888-234-2138.
