Ref. No. 11628980

Dear [REDACTED]:

Thank you for the letter about your model year (MY) 2023 Acura MDX vehicle. Your letter was forwarded to the National Highway Traffic Safety Administration's (NHTSA) Office of Defects Investigation. I am pleased to respond.

NHTSA is the Federal agency responsible for improving safety on our Nation's roadways. We are authorized to order manufacturers to recall and repair vehicles or motor vehicle equipment when our investigations indicate that they contain safety defects, such as in their design, construction, or performance. Among other activities, we also monitor the completion rates and adequacy of manufacturers' recall campaigns.

We appreciate the report you provided. Reports from motorists are a very important source of information for us. We reviewed our database to identify whether a safety defect trend exists with an infotainment system in MY 2023 Acura MDX vehicles. At this time, NHTSA has not identified sufficient evidence to support the opening of a safety defect investigation or to initiate a recall. However, we entered your information into NHTSA's database, where it will be used with other reports to identify any safety defect trends that may require our attention. You can learn more about NHTSA's investigation and recall process on our website at https://www.nhtsa.gov/sites/nhtsa.gov/files/2024-11/MVSDefectsandRecalls-Update_112124_v1a_tag.pdf

We encourage you to contact Honda or continue to work with your local dealer to resolve this matter.

We encourage you to continue to work with Acura/Honda and your dealer to explore the potential for an amicable resolution to your problem. You can ask your dealership for a meeting with an Acura/Honda district manager regarding your problem. You may also consider contacting your local Consumer Protection Agency or the Wisconsin Attorney General's Office regarding your rights under State law. In addition, the Federal Trade Commission (FTC) regulates and investigates warranty and dealership problems, reimbursement matters, and fair-trade practices. Therefore, if you believe this issue potentially relates to such a practice, you may contact the FTC to discuss the matter. There are two ways to contact the FTC: by toll free telephone at 877-FTC-Help; and by using the internet complaint form at [ftc.gov/complaint](https://www.ftc.gov/complaint).

If you encounter a safety-related problem with a motor vehicle or motor vehicle equipment in the future, please complete an electronic Vehicle Owner's Questionnaire online at www.nhtsa.gov or call the Vehicle Safety Hotline at 888-327-4236. Also, owners' complaints, safety recalls, manufacturers' service bulletins, etc. can be reviewed on our website.

Sincerely,

Randy Reid, Chief
Consumer Engagement Division
Office of Defects Investigation
