MAY 12, 2025

Dear Sirs,

I wrote to you a few weeks Ago, I Have no Phone or Computer. This would require a written answer from you by us mail. I have been Targeted by The [REDACTED] & my Cell Phone Signal Blocked. Apparently The Golden Rule Doesnt Fit Their Ideology. The 1st amendment no longer is in Effect! That was the 1st Thing They Claimd They wernt Here at my DOOR TO Take Away! This Act of Sabotage to a [REDACTED] Taxpaying Citezen Since 18 yrs of Age Has Cascaded into Extreme Difficulty to Facilitate The Remis Procedure of my Veloster yr 2013 V.I.N. [REDACTED]

The Towing "Co." in The Town nearest to me is Heavener, OK. I had to beg The women there To use her Phone. They are 13 miles away. Each time I went There to find out if Their Truck Driver is going to Do what She said, Some how There was a Problem. It became clear She must not be extremely Faithful (Trust) By The time She Claimd Hyundai Had Fixed The Car The Tow Truck Driver Told me He Had to Stop up my Road off Hwy [REDACTED] There in Tiney Hodgen to get an Assist in a Jump start Some How. Someone must have Shown Him the Truck at The Brake Fuse modual NO DOUBT!! This with the mocked up Repair Paperwork from HYUNDAI Seems Very Suspicious TO ME!

He just let me put The Car in a Structure Right where The Recall Says DONT DO! Willfull Endangerment to my Property & Possibly WORSE!

Since I Dont Have Any Person to help me. Finding any other Dealership & another TOW Truck Co. is basically not an option? The Library has staff that Looks at me Like a Deplorable [REDACTED] Not a good Atmosphere and Librey Not much Help. Im just here To Pay Taxes aparently! TO expect Help is TOO much for many Now DAYS; so IT Seems.

Heavener, OK
