Powell Butte, OR [REDACTED]

NEF-109 rrr  
Ref. No. 11668227

Dear [REDACTED]

Thank you for the letter about your model year (MY) 2025 GMC Denali 3500 truck. Your letter was forwarded to the National Highway Traffic Safety Administration's (NHTSA) Office of Defects Investigation (ODI). NHTSA's mission is to save lives, prevent injuries, and reduce economic costs due to road traffic crashes, through education, research, safety standards, and enforcement activity. I am pleased to respond.

We appreciate the report you provided. Among other enforcement activities, NHTSA continuously monitors available information to identify potential safety defect trends. As such, reports from motorists are a very important source of information for us. ODI has received reports similar to yours and is reviewing all available data concerning allegations of issues with the integrated trailer brake controller and system in MY 2024 and MY 2025 GMC Denali 3500 trucks. While we continue to review this issue, no investigation has been opened nor determinations reached at this time. However, we entered your information into our database where it will be used with other reports to identify any safety defect trends that may require our attention. You can learn more about NHTSA's investigation and recall process on our website at [https://www.nhtsa.gov/sites/nhtsa.gov/files/2024-11/MVSDefectsandRecalls-Update\\_112124\\_v1a\\_tag.pdf](https://www.nhtsa.gov/sites/nhtsa.gov/files/2024-11/MVSDefectsandRecalls-Update_112124_v1a_tag.pdf).

Finally, please complete an electronic Vehicle Owner's Questionnaire on our website at [www.nhtsa.gov](http://www.nhtsa.gov) or call the Vehicle Safety Hotline at 888-327-4236 if you encounter a safety-related problem with a motor vehicle or motor vehicle equipment in the future. You can also review complaints, safety recalls, manufacturers' service bulletins, etc. on our website. I hope you find this information helpful.

Sincerely,

[REDACTED]

Randy Reid, Chief  
Consumer Engagement Division  
Office of Defects Investigation  
Enforcement
