Writing to report that my 2021 Blazer Utility SUV which was purchased at Marquardt Chevy in Chippewa Falls WI had vehicle remotes reprogrammed on March 13, 2025 at above Chevrolet Dealership paying $365.53 this did not solve the issue. Perpetrators continued to have complete control of non-functional et functional operations of vehicle which includes the following: Infotainment System obtained any data that was stored ex: Contacts manipulate radio remote functions> have locked me out of vehicle, start my SUV complete control of brakes disabled alarm systems accelerate speed- whether gear is in Drive or Reverse control lights inside et. Outside> will put lights on Bright et. cannot put on Dim without coming traffic which of course makes other drivers angry, climate control A/C et Heat plug-in ports so Dash Cam did not work, manipulate diagnostic system> send message that a particular tire needs more air when checked it was fine. Could not factory reset settings. Thought perpetrators had accessed Engine Control Module but after reading the manual that came with the Blazer discovered locations of all the cameras which allows a 360 degree

RR

radius, know my exact location at all times, listen and record all conversations.
After going carefully thru the Owner's Manual believe they may have created two (2) accounts for my.chevrolet.com Screen will indicate Driver #1 and Driver #2 Driver Behavior Monitoring "SMART DRIVER SCORE". Cannot access my.chevrolet.com Read in Owner's Manual "Owner Center Sites" when an account is established which was done at time of purchase. In Owners manual it indicates there can be up to four (4) users (with vehicle owner's consent, Built-In Wifi, Wifi HOT Spot's, Mult-Band Antenna) can be used for Radio Navigation, On-Star OR 3rd Party Apps, Subscriptions (Connected Plans) Navigation App/Satallite. my.chevrolet.com) can set up Android OR iPhone (computer system's) → Remotely Access the following: Non-functional of Functional Operations of my BLAZER impacting not just myself but any passenger's safety. These individuals are using this unauthorized Access for malicious intent. Have contacted dealership where Blazer was purchased left voice mail to General Manager Chris Kettering three (3) messages left for Christina Pierce Assistant Manager several calls were re-routed to departments that had nothing to do with getting Blazer in for diagnostic testing. A total of eight (8) telephone calls made to the dealership

with no response from anyone. Why no one has returned any calls? Each call indicated need my vehicle to have Diagnostic testing done. Several of the calls when an individual asked specifically what was my reason to speak with someone in Service Department etc. would explain repeatedly the reason. My Blazer is parked at my sister's residency, even though they are trying to sell their property vehicle has not been driven. Perpetrator aware I know of their presence by turning on lights locking doors, finding a window down in the AM. Purchased vehicle brand new but noticed the cable on passenger side has black tape around it etc. Carpet also was cut around this cable. As indicated in the beginning believe they are accessing it through mychevrolet.com account, esp. after reading in manual can have up to four (4) accounts. When purchased my phone [redacted] yahoo acct. was [redacted] Since then my [redacted] or they could be using [redacted] They are very tech savvy etc. have capabilities of recording my voice. Reported to Dunn County Sheriff Department in Menomonie WI. Sheriff Kevin Brad knows me & my family sister [redacted] can text that #or e-mail at [redacted] Please advise what can be done. Need to utilize my vehicle.

Thank You!

Sincerely,

[redacted]

License Plate / Sticker Information: Carry this notice in your vehicle.

Wisconsin DMV will mail your plates (plate number shown above) and stickers separately if they were not handed to you or received with this certificate of registration. Regular plates and stickers should arrive in 21 to 28 days. Special / personalized plates with stickers should arrive in 4 to 6 weeks.

If you did not request new plates, you are receiving them because state law requires the replacement of older plates.

If you currently have plates, keep them on the vehicle until your new plates arrive. You must destroy your old plates after you put the new plates on your vehicle. You may not operate an auto or truck registered at 8,000 lbs. or less without license plates.

If you have questions about regular plates, visit wisconsindmv.gov/email.

If you have questions on special/personalized plates, e-mail: special-plates.dmv@dot.wi.gov.

If you have questions about reissuance of plates visit wisconsindmv.gov/reissuance.
