

Henry Obiajulu and Mr. Bangura, - letter to Sille Co Company. Company denied

My name is [REDACTED]. On [REDACTED], I purchased a 2012 Chevrolet Malibu from your dealership. The vehicle VIN is: [REDACTED] INFORMATION REDACTED PURSUANT TO THE FREEDOM OF INFORMATION ACT (FOIA), 5 U.S.C.

Mr. Bangura, if you do not recall, I was there with my 552(B)(6) [REDACTED]-year-old daughter and my [REDACTED]-year-old son. After completing the test drive, I entered your office to finalize payment in the amount of \$3,085—specifically, \$2,800 toward the vehicle and \$280 for taxes and titles, which I never received.

From the outset, the handling of this sale created multiple concerns. Within 2 to 2.5 hours after the purchase, I followed up by getting gas, and the check engine light was already on. I am therefore left to believe that the maintenance/engine code may have been cleared or reset solely to complete the sale.

During our Facebook text conversation, I specifically asked whether the car was "good to go" because it would become my daily vehicle. You told me it was fine and needed no major repairs—something I have documented.

However, I have since learned that this vehicle requires work including:

Water pump**

Thermostat**

Rotors/brake pads* for both the *front and rear** tires

Additionally, the Carfax indicates potential mileage rollback/manipulation. It appears the mileage was initially shown at 185,000, then rolled back to approximately 122,000. This discrepancy—along with the fact that it was not properly disclosed to me—raises serious concerns and may violate Senate Bill 293, which requires appropriate notification to customers.

On May 28, 2026, I called you to report the check engine light issue. During our conversation, you effectively dismissed my concern, telling me the light was on "after the purchase." That call lasted about four minutes, and I have included documentation of it in the packet I provided.

At this point, I am requesting that you negotiate and resolve this matter in good faith, including addressing the purchase amount of \$3,085.

I want to be clear: I do not want to escalate this to the level of a lawsuit against a Black-owned business. But if we cannot resolve this directly at the most basic level, I will be forced to pursue legal action, which would include court/attorney fees, as well as harm to your business's public reputation and concerns about your dealership's trustworthiness for future customers.

Please contact me so we can address this promptly and professionally.

[REDACTED]

Sincerely,

[REDACTED]

Glossary

Failed Emissions Inspection

The emissions check performed during a vehicle inspection indicated the vehicle was emitting more than allowable emissions standards and/or had missing or modified parts. Repeated failed emissions records can indicate engine problems and CARFAX recommends you have the vehicle inspected.

First Owner

When the first owner(s) obtains a title from a Department of Motor Vehicles as proof of ownership.

New Owner Reported

When a vehicle is sold to a new owner, the Title must be transferred to the new owner(s) at a Department of Motor Vehicles.

Odometer Rollback

If a more recent odometer reading is less than an older reading, then the odometer may have been tampered with and "rolled back." CARFAX analyzes the mileage history and the sources of this information to indicate a potential odometer rollback.

Ownership History

CARFAX defines an owner as an individual or business that possesses and uses a vehicle. Not all title transactions represent changes in ownership. To provide estimated number of owners, CARFAX proprietary technology analyzes all the events in a vehicle history. Estimated ownership is available for vehicles manufactured after 1991 and titled solely in the US including Puerto Rico. Dealers sometimes opt to take ownership of a vehicle and are required to in the following states: Maine, Massachusetts, New Jersey, Ohio, Oklahoma, Pennsylvania and South Dakota. Please consider this as you review a vehicle's estimated ownership history.

Rental

Vehicle was registered by a rental agency.

Title Issued

A state issues a title to provide a vehicle owner with proof of ownership. Each title has a unique number. Each title or registration record on a CARFAX report does not necessarily indicate a change in ownership. In Canada, a registration and bill of sale are used as proof of ownership.

On top of 3,000 work of payment at this car, I still have fuel pump replacement to add on to the cost. This odometer role back has caused me to be denied from Extended warranty which now has caused me to pay all this money out of pocket.
