Narrative Description of Incident(s), Failure(s), Crash(es), and Injury(ies).

Car will die running down Hwy at 65 miles hour & will die when slowing down to go around corners & even when stopped at stoplight. Car does restart, but you don't know when it will die. Mechanic can't get the part I need. I have also called Dealers in Calif & there is only an answering machine, I have left 3 messages & now will return my calls. I like this car & I just want the part I need to then to replace my car.
