Narrative Description of Incident(s), Failure(s), Crash(es), and Injury(ies)

A Letter FROM Cadillac Motor CAA Division of Sept. 26, 2000 states the side door air bags are defective & they may be able to replace them in deal!! they say they will not let their dealers disengage these air bags! I am requesting that these side door air bags be disconnected at Cadillac's expense until new ones are available to be installed-- Also, at age 78 & with short legs & a car handicap stroker, I can not sit 10 inches from the steering wheel. Air bag and am requesting an on/off switch to be installed so that I can continue to drive. An on/off switch will allow my husband to drive with switch on & I can drive with the switch off--

Thank you
