INFORMATION ON TIRE FAILURE(S) (IF APPLICABLE)

To report defective or failed tire provide the following: DOT Number, Tire Manufacturer, Tire Name, Tire Size (include all numbers and letters).

Note: This information not required for normal operation tires.

DOT

Manufacturer

Tire Name

Size

FIRESTONE

U.S. DOT safety standard code

The number may be on the inner side of the tire and have up to 11 letters and numbers. Usually located near rim flange on side opposite whitewall or on either side of blackwall tire.

The Privacy Act of 1974—Public Law 93-579 This information is requested pursuant to authority vested in the National Highway Traffic Safety Act and subsequent amendments. You are under no obligation to respond to this questionnaire. Your response may be used to assist the NHTSA in determining whether a manufacturer should take appropriate action to correct a safety defect. If the NHTSA proceeds with administrative enforcement or litigation against a manufacturer, your response, or a statistical summary thereof, may be used in support of the agency's action.

Narrative Description of Failure(s), Accident(s), and Injury(ies)

FORD SERVICE

I WAS AT THE ^{FORD} GARAGE! FORT MYERS - SERVICE MGR.
CALLED ME IN TO SEE FRONT TIRES ON MY AUTO ¹⁹⁹⁵ FORD S.W.
He showed me RIGHT OR LEFT FRONT TIRE - IT HAD A
SPIN about 4-5" LONG with slight bulge in ~~center~~ Center
of tire - he recommended I replace it. I requested
he change both front tires. They were replaced
at my expense, and Two new Goodyear tires -

This year I also had rear tires replaced too -
AT THE FORD GARAGE - (FREN BEANS) DAYLESTOWN - I
HAD them replaced with Goodyear too - So FR + BR
match.

I did not inform my wife of my real concern -

Thank you for your Inquiry... It proved to
be a very expensive lesson - To have to replace
4 tires... I do feel that FIRESTONE was
responsible - for the replacement - But Never offered!
