Narrative Description of Incident(s), Failure(s), Crash(es), and Injury(ies).
 Problem is the Head gasket leaks coolant at the exhaust manifold side. ① It was replaced by dealer 11/97 under warranty 3 year 36,000. ② Replaced again 11/98 by dealer cost \$498.71. ③ Replaced again by dealer 10/99 under the tire warranty. ④ leaking again same spot 12-2000 dealership unwilling to do anything about it!! They brought to my attention that they had a recall on 95 Cavaliers 2.2 Engines having same problem in having. (This problem should have been taken care of if chevy wants repeat buyers)
