Crash		Fire		Number of Persons Injured		Number of Fatalities		Reported to Manufacturer	
☒ Yes ☐ No		☐ Yes ☒ No		2		0		☐ Yes ☒ No	

Narrative Description of Incident(s), Failure(s), Crash(es), and Injury(ies). The driver was Monica Borneke (marks wife). On 6-12-99 at approximately 4:30 pm I was traveling on a gravel road. Although I am not positive of my mph I did not typically go over 45 mph on gravel roads. My Ford Explorer rolled side to side 3 times. 2 of my tires were shredded. I was 7 months pregnant and my 18 month old daughter was in a car seat in the middle of the back seat. She was treated and released with a small cut on her leg. I was airlifted to Rochester St. Mary's. I was in premature labor which did stop → Continue on back.

The Privacy Act of 1974 - Public Law 93-579 This information is requested pursuant to a 49 U.S.C. Chapter 301. You are under no obligation to respond to this questionnaire. Your response may be used to assist NHTSA in determining whether a manufacturer should take appropriate action to correct a safety defect. If NHTSA proceeds with administration enforcement or litigation against a manufacturer, your response, or a statistical summary thereof, may be used in support of the agency's action.

Narrative Description of Incident(s), Failure(s), Crash(es), and Injury(ies)

I had a head injury and neck & arm injury. I also had cuts on my head. I was hospitalized for several days and today still have neck and arm pain. The Firestone recall was not in place at the time so I ~~do not~~ do not have the vehicle or tires at this time. I have no memory of the accident or the 6 hrs following it. Recently I had an MRI and have found out I may need surgery on a disk in my neck.
Monica Borneke - wife of owner of vehicle
