This information is requested pursuant to authority vested in the National Highway Traffic Safety Act and subsequent amendments. You are under no obligation to respond to this questionnaire. Your response may be used to

assist the NHTSA in determining whether a manufacturer should take appropriate action to correct a safety defect, if the NHTSA proceeds with administrative enforcement or litigation against a manufacturer, your response, or a statistical summary thereof, may be used in support of the agency's action.

my shocks in the front are also bad -
Toyota of N.H. said they weren't but I can
hear them making a horrible noise -

The brake pads as I said were defective -
Toyota made new pads for all Camrys -
they knew they were defective so it took almost
a year for them to replace them.
