#### Complaint Information

Description : Failure of Jake Brakes on 2003 Kenworth T-600. The Jake Brakes on my Kenworth failed to come on. I directed it to the Kenworth Dealership in Carlisle, PA. who after many hours of diagnosing determined that the Jake brakes had failed because a wire had come loose at the back of the AM/FM radio!!!! The brakes can fail because of a loose wire @ the AM/FM radio. God help the poor soul in front of the truck coming down a 6% grade relying on his jakes to slow him down which fail because of a loose wire behind the radio. Nuts!

Incident Date : 7/24/2002 Fire : No  
 Num. Fatalities : 0 Crash : No
