DOT NUMBER: DOT

TIRE MANUFACTURER:

TIRE NAME:

TIRE SIZE:

ADDITIONAL COMMENTS

Front Brakes Shook badly at 19000 miles, The local dealer recommended to replace the front brakes, and I did. At 27000 miles, 5 months later the front brakes shake badly again, I took it to the local dealer, they say it's normal. I find it hard to believe, in only 5 months with the new brakes under normal driving condition! What can I do?
