NARRATIVE DESCRIPTION OF FAILURE(S), INCIDENT(S), INJURY(IES)

PASSENGER'S DOOR WAS STARTING TO SAG, NOT SHUTTING PROPERLY. WHILE GOING AROUND A CURVE DOOR SWUNG OPEN WHILE CHILD WAS SITTING IN SEAT, AND FELL OUT, ~~BEING RUNNED OVER BY~~ TRUCK. PLEASE PROVIDE DETAILS.*AK when getting into the truck on August 27, 2000 the passenger side door was ~~shut~~. thought to be shut. My Son Chavis (4 at the time) was sitting in the front seat. when turning the corner going home, the door swung open and my son fell out. So not to run him over I kept turning the wheel.

CONTINUE ON BACK IF NEEDED

Narrative Description of Incident(s), Failure(s), Crash(es), and Injury(ies)

praying he wouldn't go under the truck. I picked him up and rushed him to the hospital. They ex-rayed his whole body and gave him something for road rash pain. He recieved road rash on his elbows, knees, and hip, and partly back. The police took a report and Social Services talked to me and took a report. I took my son home a couple hrs later. He still has the scares on his elbows, knee's, and back. The door still sags and now the drives side is starting to also. I hope you can look into this report and find out if it was a failure on the manufacturer.

Thank you,
Mrs. [redacted]
