Narrative Description of Incident(s), Failure(s), Crash(es), and Injury(ies)

I was at a full stop when another driver came up from behind and hit me. The working officer estimated her speed was about 45-50 mph when she hit me. The driver seat went into the reclining position and my 2 year old was squashed behind me. He wasn't hurt. I was however. My back was sprained badly because of it. My doctors are saying my seat didn't support me.
