INFORMATION ON TIRE FAILURE(S) (IF APPLICABLE)

TIRE IDENTIFICATION NO.*

D O T

MANUFACTURER/TIRE NAME

SIZE

* The identification number consists of 7 to 10 letters and numerals following the letters DOT. It is usually located near the rim flange on the side opposite the whitewall or on either side of a blackwall tire.

NARRATIVE DESCRIPTION (CONTINUED)

I am 22 years old and in my life my parents have gone through a lot of cars & trucks. We've always had such good luck with Nissan's. We and everyone else we know always seem to have no luck with American Made Vehicles. I had a Nissan truck for 3 years and I never once had a problem with it. I was 13 years old and it's still running to this day. That's why I bought this truck. It was 5 yrs. old when I bought it & had hardly any miles on it. So, I thought I was so happy cause I thought this would run forever. I have come to the conclusion (the hard way) that you so called "Nissan People" suck just like everyone else. You have no idea what I have been going through (or even if you care). I can't hardly pay my bills, I lost 10 lbs., due to no-bed. no way to get to work (now) no way to get food. I had to spend \$2000⁰⁰ on my truck just because you felt like saving some cash. So, you put a plastic part in my truck instead of a metal piece. My 3 yr. old brother has more sense than that. You want to know if you should have to pay for your mistake? I personally don't know how your life was but in my life I always pay for my mistakes.

P.S. the next vehicle I buy will be a Chevy!!!
 a Chevy!!!
