1983 Dodge 600
1983 Dodge Aries
1983 Plymouth Reliant
Campaign No: 89V052000
Number of Affected Vehicles: 500000
Beginning Date of Manufacture: 1980 AUG
Ending Date of Manufacture: 1983 JUL ← 1981 Dodge aries

VEHICLE DESCRIPTION:

Passenger cars.

DESCRIPTION OF DEFECT:

Front suspension crossmember may corrode and fail at lower control arm rear pivot mounts if operated where salt is used to aid in snow removal.

FAULT:

Rusted, Corroded

SYSTEM:

Front suspension crossmember.

CONSEQUENCE OF DEFECT:

Control arm could detach from the crossmember, adversely affecting directional stability, which could result in an accident.

CORRECTIVE ACTION:

Install attachment reinforcement brackets to prevent control arm detachment as a result of corrosion weakening.

ADDITIONAL INFORMATION:

The National Highway Traffic Safety Administration operates Monday through Friday from 8:00 AM to 4:00 PM, Eastern Time. For more information call (800) 424-9393 or (202) 366-0123. For the hearing impaired, call (800) 424-9153.

1983 Dodge Aries 1981/1982 same 1983 similar

circled area is rusted bad. when a/c is running the vapor drains down on cross member. vehicle has only 43,371.2 miles has been barged with very little winter driving. the rest of the car is like new, the under side has almost no rust except right front control arm crossmember mount.

on the 12th of July, hot and humid. Geraldine led her to Doctors 28 mi. upon return car was put on lift while oil was hot for lab oil & filter. upon raising car on lift noticed water running out of right front control arm crossmember mount, water was coming from A/C vapor drain. looked real bad

almost looked like water was washing out rusted material.

SAFETY RECALL -- FRONT SUSPENSION CROSSMEMBER

Dear Chrysler Motors Vehicle Owner:

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

Chrysler Motors has determined that a defect which relates to motor vehicle safety exists in some 1981, 1982 and 1983 model passenger cars if severe corrosion of the front suspension crossmember occurs due to road salt.

Your car, whose Vehicle Identification Number is shown on the enclosed form, is one of the affected vehicles. For this reason we ask that you arrange for service to correct the condition without delay. *This service will be provided free of charge.*

The front suspension crossmember may corrode if the vehicle is operated in areas where a large amount of road salt is used for snow and ice removal. This may cause weakening and possible failure of the lower control arm front pivot mounts. This could cause a loss of steering control and possibly result in an accident without prior warning.

To safeguard against this possibility, your dealer will install two reinforcement brackets on the crossmember to retain the control arms. The work will take about one hour to complete. However, additional time may be required depending on how service appointments are scheduled and processed. To obtain this free service:

- Contact your dealer as soon as possible to schedule an appointment. We ask that you call the dealer who sold you the car. However, if necessary, the service can be performed by any Dodge or Chrysler-Plymouth dealer.
- Take the enclosed Owner Recall Notification Form with you at the time of your appointment and give it to your dealer. The form identifies the vehicle and recall for which service is required.

If you have any problem obtaining the needed service, please contact the Chrysler Zone Service Office in your area. (It is listed under "Service Assistance" in your Operator's Manual.) A Zone representative will arrange for prompt servicing of your car.

We regret any inconvenience which this action may cause you. However, we believe that you understand our concern for motor vehicle safety, and for your continued satisfaction with our products. If your dealer fails or is unable to remedy this defect without charge within a reasonable time, you may submit a written complaint to the Administrator, National Highway Traffic Safety Administration, Washington, D.C. 20590, or call the Toll Free Number 1-800-424-9393.

Thank you for your attention to this important matter.

Based upon the above information, Rusty Jones Inc. shall determine for which warranty (if any) the vehicle qualifies, and mail the appropriate warranty to the owner of the vehicle. **No warranty will be issued for a used vehicle application. A used vehicle is one which is six months or older from date of purchase or one which was previously owned.** In the event that the above information is later found to be materially incorrect, or that the required maintenance is not performed, any warranty issued shall no longer be valid. Please see reverse side for summary of warranty terms for rustproofing and Gloss Treatment.

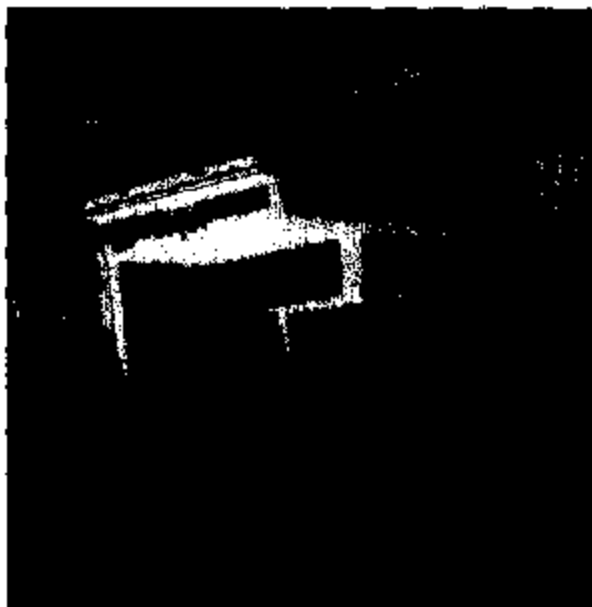

We hereby acknowledge that the information shown above is true and complete.
