The Privacy Act of 1974-Public Law 93-579 This information is requested pursuant to authority vested in the National Highway Traffic Safety Act and subsequent amendments. You are under no obligation to respond to this questionnaire. Your response may be used to assist the NHTSA in determining whether a manufacturer should take appropriate action to correct a safety defect. If the NHTSA proceeds with administrative enforcement or litigation against a manufacturer, your response, or a statistical summary thereof, may be used in support of the agency's action.

INFORMATION ON TIRE FAILURE(S) (IF APPLICABLE)

TIRE IDENTIFICATION NO.*

D O T

MANUFACTURER/TIRE NAME

SIZE

* The identification number consists of 7 to 10 letters and numerals following the letters DOT. It is usually located near the rim flange on the side opposite the whitewall or on either side of a blackwall tire.

NARRATIVE DESCRIPTION (CONTINUED)

I was driving on pennsylvania ave into the belt parkway west
could not stop brakes got hard again. Drove very slow off
the highway and was towed on rockaway parkway.
This is a Antilock brake system I have put this system
in twice. I know that there something that could be done
about this. When I driving I have passengers and kids
in this car. I will be sending copies of the replacements.
I really scared to continue to drive this car I don't know when
it will act up.
