☐ Loss of Control
☒ Poor Visibility
☐ Inadvertent Start
☐ Rollover
☐ Stalls
☐ Sudden Acceleration

PLEASE DO NOT WRITE IN THIS AREA

00624

Narrative description of incident(s), failure(s), crash(es), location(s), and injury(ies). Include additional accidents if applicable.

Mirrors are set in too close. There is nothing visible behind rider at any distance. Body must be turned left or right to see behind. Slightly larger mirror arms would easily resolve this problem. Every Honda dealer I have talked to said they know of the problem. Most sport bikes are the same way but no one has done anything to resolve the problem

Continue on additional page if necessary.

Describe any additional incidents. (Include date and mileage)

The Privacy Act of 1974 (Public Law 93-579) This information is requested pursuant to authority vested in the National Highway Traffic Safety Act and subsequent amendments. You are under no obligation to respond to this questionnaire. Your response may be used to assist the NHTSA in determining whether a manufacturer should take appropriate action to correct a safety defect. If the NHTSA proceeds with administrative enforcement or litigation against a manufacturer, your response, or a statistical summary thereof, may be used in support of the agency's action.
