Write a narrative description of incident(s), failure(s), crash(es), location(s), and injury(ies). Include additional accidents if applicable.

While returning a television, I stopped at a red light, when light changed I made a right hand turn. The television bumped the left rear tire well (in bed of truck). The distance the television slid was approx. 4" it made 1. The hand turn from a stopped position. I was traveling no more than seven mph when the incident occurred. When the television slid it bumped the tire well cutting a dent in it's covering. It split the area of the truck bed front. It is about 9" long.
