crashes, locations, and inquiries; include additional accidents if applicable.

I took my Blazer to Rife Chevrolet in Grandy for a recall on the Anti-lock brakes. They replace the part that was on the recall and since they worked on my blazer the Anti-lock light stays on. I took it back to Rife several times they told me I would have to paid to have it fix myself.

I don't think I should have to paid for this since it was working fine before they worked on it.

Describe any additional incidents. (Include date and mileage)
