

Narrative description of incident(s), failure(s), crash(es), location(s), and injury(ies). Include additional accidents if applicable.

These tires have been showing strange wear since approx 25000 miles. There is a hole appearing w/ires sticking out of the tires & the tread looks like it could separate. These tires were a \$95.00 option on this truck. The base model tires are the 235/75R15 which I believe were recalled due to the same problems. I don't understand why these (235/75R15) weren't recalled - they are just a defective as the 235/75R15.

Continue on additional pages if necessary.

Describe any additional incidents. (include date and mileage)
