

Narrative description of incident(s), failure(s), crash(es), location(s), and injury(ies). Include additional accidents if applicable.

Food came out with a great idea by putting a turn-signal indicator in the outside rear-view mirrors. The silver glazing on the back side of the mirrors is coming off. This makes it virtually impossible to see using these mirrors.

I feel that they know this is a problem because they have since put the turn signal indicator on the outside of the mirror instead of shining through the glass. I have asked repeatedly at Fairway Road in Tyler, Texas about a recall on these mirrors and I am told there is no problem with them!

The approx cost to replace these business is \$440.00

please investigate these turn-signal
type misuses 1998-1999 model
ford P.U Trucks - Explorers & etc.

There is no specific date as to the future as they just keep getting worse from day to day.

Difficile est autem excludere aliquos si necessitas

Describe any additional incidents. (Include date and mileage)
