crashes), location(s), and injury(ies). Include additional accidents if applicable.

There were two instances that both frame rail extensions were cracked and had to be replaced by the Kenworth dealer. I was told by a fellow worker that his truck went back (s) five times for the same reason he is the person whom has given me this questionnaire. I was also told by the dealer that after 5 years this problem will have to be taken care of by me that I will have to pay for the dealer to fix which I don't think is fair because this is a known problem.

Thank you
