

Narrative description of incident(s), failure(s), crash(es), location(s), and injury(ies). Include additional accidents if applicable.

Smoked smoke from A/C system inside
before arriving at destination parking
area. Smoke made when got out but
3 minutes later, following
these smoke were coming from
engine compartment. Smoked
compartment with hose stuck down
then hose found up to spin
hard & let oxygen create roaring
flames (1st & 2nd stage of hood latch system
is at first when smoke was following
out). Smoke stopped after 10 minutes.
Ignited engine compartment and all
plastic components destroyed.

Continue on additional page if necessary.

Describe any additional incidents. (Include date and mileage)

The Privacy Act of 1974—Public Law 93-570 The information is requested pursuant to authority vested in the National Highway Traffic Safety Act and subsequent amendments. You are under no obligation to respond to this questionnaire. Your response may be used to assist the NHTSA in determining whether a manufacturer should take appropriate action to correct a safety defect. If the NHTSA proceeds with an administrative enforcement or litigation against a manufacturer, your response, or a statistical summary thereof, may be used in support of this agency's action.
