I have had 2 true failures with the
Bendysan formula. This No 9uit was
about 1 year ago. At home and the
Chicagoan began to slide and then the right
thigh ^{trunk} appeared and blew up and ~~some~~ the Chicago
off to the right kicking my leg, the right side
swung off to the ground about 2 ft. I was able to
gain contact without contact with the Chicagoan,
on or about 12/10/21 I lost the leg. This incident
by Bendysan in Bendysan's. He told me
that the arm about the Bill Bone to the
expectations. He also told me Bendysan would
not have been the same because the this
was more than 5 years old, I have found that
Bendysan does not make it in any way,
Also Bendysan (some) ~~some~~ was not
surprised that the thread appeared on the right,
on that the other side had appeared, I could
Bendysan complain that and they were
not about but about the way I was that
about on the right the had failed, I don't
believe that Bendysan will recall this
this is Bendysan's.

Continue on additional pages if necessary.

Describe any additional incidents. (Include date and mileage)
