Narrative description of incident(s), failure(s), crash(es), location(s), and injury(ies). Include additional accidents if applicable.

In February 2000 this vehicle was recalled for NHTSA Campaign 99V063000. The repairs were made at San Francisco BMW. On November 27th 2001 the passenger/driver side airbag deployed while the car was at a stop light. The driver was hit by the airbag. No accident occured since the vehicle was stopped. On 12/17/01 the manufacturer was contacted. I was told I would be contacted after the manufacturer recorded the incident. I have not since heard from the manufacturer and have called them 3 times between 12/17/01 and 12/27/01. The dealership said they are not responsible.
